

ASME Publishing
Journal Program: Letter of Consent to Add/Remove Author

Rev. August 2020

ASME is a member of the Committee on Publication Ethics (COPE) <http://publicationethics.org/> and follows their recommendations regarding authorship validation. Post submission, changes in authorship must be requested in writing from the Journal Editor for review and approval. Requests must be accompanied by written consent from *ALL* of the authors.

INSTRUCTIONS

- This form should be printed, signed, scanned, and returned.
- A cut and paste copy of a signature cannot be accepted.
- Each author **MUST** sign their own Letter of Consent.
- An author cannot sign for a co-author.
- This form must be signed and returned by all authors **INCLUDING** the authors being added or removed.
- The corresponding author is responsible for collecting all of the forms prior to submitting the request to the Editor.
- A single requests to change authorship should be sent to the Editor as one email with ALL signed forms included.

NOTICE

Publication of your paper will be suspended while requests are reviewed by the Editor.
