CALL FOR PAPERS

[ASME Journal of Mechanisms and Robotics](#)

Special Issue on Selected Papers from IDETC 2019

The [ASME Journal of Mechanisms and Robotics](#) invites papers for a Special Issue drawing on papers from the 43rd Mechanisms and Robotics Conference (MR), held as part of the 2019 International Design and Engineering Technical Conferences & Computers and Information in Engineering Conference (IDETC/CIE 2019). Sponsored by the Mechanisms and Robotics Technical Committee of the ASME Design Engineering Division, this annual gathering will take place in Anaheim, CA, from August 19-22, 2019.

The 43rd ASME Mechanisms and Robotics Conference provides the exchange of technical and scientific information on the theory and practice of mechanical and robotic systems. Topics will range throughout areas central to design and control of mechanical, mechatronic, and robotic systems including kinematics, dynamics, design, analysis and validation, reconfigurable mechanisms, novel mechanisms and robots, software systems, educational practices, and various applications. Papers are specially invited from the upcoming areas in sensor controlled robotic systems, rehabilitation-, soft-, and medical-robotics, prostheses, and exoskeleton design and development.

Publication Target Dates

Selection of papers: Week of IDETC (after presentations)

Invitations to authors to submit sent out: 1 week after IDETC

Deadline to submit: 5 weeks after IDETC

Assignment of Reviewers: 6 weeks after IDETC

Reviews back: 5 weeks for reviews

Associate Editor decisions

Final manuscripts due: 15 weeks after IDETC

These papers will be published online AS SOON AS THE ENTIRE ISSUE IS READY BUT in print in the April 2020 issue.

August 19 - 22, 2019

August 30, 2019

September 20 - 23, 2019

September 27 - 30, 2019

November 1, 2019

November 8 - 11, 2019

December 6, 2019

Submission Instructions

Papers should be submitted electronically to the Journal at journaltool.asme.org. If you already have an account, log in as author and select **Submit Paper** at the bottom of the page. If you do not have an account, select **Submissions** and follow the steps. In either case, at the **Paper Submittal page**, select the **Journal of Mechanisms and Robotics** and then in the Special Issue dropdown menu choose **Selected Papers from IDETC2019**. Papers received after the deadline or papers not selected for inclusion in the Special Issue may be accepted for publication in a regular issue.

Only papers submitted and presented at the Mechanisms and Robotics 2019 Conference will be eligible for consideration in the Special Issue. Information about the *Journal of Mechanisms & Robotics* can be found at mechanismsrobotics.asmedigitalcollection.asme.org/journal.aspx.

Special Issue Editor

Venkat Krovi, PhD, Michelin Endowed Chair, Professor of Vehicle Automation, Mechanical Engineering and Automotive Engineering, Clemson University, USA, vkrovi@clemson.edu

Special Issue Guest Editors

Charles Kim, PhD, Associate Professor in Compliant Mechanisms, Mechanical Engineering, Bucknell University, USA, cjk019@bucknell.edu

Anurag Purwar, PhD, Research Associate Professor & Director of Computer-Aided Design and Innovation Lab, Mechanical Engineering, Stony Brook University, USA, anurag.purwar@stonybrook.edu

Pinhas Ben-Tzvi, PhD, Associate Professor in Robotics, Autonomous and Dynamical Systems, Mechanical, Electrical and Computer Engineering, Virginia Tech., USA, bentzvi@vt.edu
