JMD Webinar: Announcement of the Seventh Thematic Session
Integrated Design and Operation of Engineering Systems with Predictive Modeling

Register for FREE Webinar

The JMD Webinar is a series of webinars organized quarterly by the Editorial Board of the ASME Journal of Mechanical Design (JMD) serving the engineering design research community. Our intention is to share the latest research published in the journal, and by doing so, to keep our community connected.

This JMD webinar will include two sessions: (1) a 90-minute Zoom webinar session in which four selected papers will be featured with presentations and Q&As, and (2) an optional 30-minute gather.town session for further discussion/networking among speakers and seminar attendees.
