ASME B30.27-2025
(Revision of ASME B30.27-2019)

Material Placement Systems

Safety Standard for Cableways, Cranes, Derricks, Hoists, Hooks, Jacks, and Slings

AN AMERICAN NATIONAL STANDARD

The American Society of Mechanical Engineers

ASME B30.27-2025
(Revision of ASME B30.27-2019)

Material Placement Systems

Safety Standard for Cableways, Cranes, Derricks, Hoists, Hooks, Jacks, and Slings

AN AMERICAN NATIONAL STANDARD

The American Society of Mechanical Engineers
Two Park Avenue • New York, NY • 10016 USA

Date of Issuance: September 30, 2025

The next edition of this Standard is scheduled for publication in 2030. This Standard will become effective 1 year after the Date of Issuance.

This code or standard was developed under procedures accredited as meeting the criteria for American National Standards. The standards committee that approved the code or standard was balanced to ensure that individuals from competent and concerned interests had an opportunity to participate. The proposed code or standard was made available for public review and comment, which provided an opportunity for additional public input from industry, academia, regulatory agencies, and the public-at-large.

ASME does not “approve,” “certify,” “rate,” or “endorse” any item, construction, proprietary device, or activity. ASME does not take any position with respect to the validity of any patent rights asserted in connection with any items mentioned in this document, and does not undertake to insure anyone utilizing a standard against liability for infringement of any applicable letters patent, nor does ASME assume any such liability. Users of a code or standard are expressly advised that determination of the validity of any such patent rights, and the risk of infringement of such rights, is entirely their own responsibility.

Participation by federal agency representatives or persons affiliated with industry is not to be interpreted as government or industry endorsement of this code or standard.

ASME accepts responsibility for only those interpretations of this document issued in accordance with the established ASME procedures and policies, which precludes the issuance of interpretations by individuals.

The endnotes and preamble in this document (if any) are part of this American National Standard.

B30 Standard Introduction x
Summary of Changes xii

Chapter 27-0 **Scope, Definitions, References, and Personnel Competence** 1
Section 27-0.1 Scope 1
Section 27-0.2 Definitions 1
Section 27-0.3 Reference to Other Codes and Standards 2
Section 27-0.4 Personnel Competence 2
Chapter 27-1 **Construction and Installation** 6
Section 27-1.1 Markings 6
Section 27-1.2 Mobile Material Placing Boom Construction 7
Section 27-1.3 Work Platforms, Access Walkways, and Gangways 7
Section 27-1.4 Electrical Installations 7
Section 27-1.5 Ergonomics 8
Section 27-1.6 Outriggers 8
Section 27-1.7 Controls and Indicators 8
Section 27-1.8 Guards 8
Section 27-1.9 Mobile and Stationary Placing Booms 8
Section 27-1.10 Delivery Systems 9
Section 27-1.11 Loss of Power 9
Section 27-1.12 Remote Starting 9
Section 27-1.13 Manuals 9
Section 27-1.14 Translation of Technical and Safety-Related Information 10
Section 27-1.15 Fuel and Exhaust Systems 10
Section 27-1.16 Hoppers 10
Section 27-1.17 Pump Pressure Release 10
Chapter 27-2 **Inspection, Testing, and Maintenance** 12
Section 27-2.1 Inspection 12
Section 27-2.2 Testing 13
Section 27-2.3 Maintenance 14
Chapter 27-3 **Operation** 15
Section 27-3.1 Qualifications for and Conduct of Operators and Operating Practices 15
Section 27-3.2 Material Placement System Lockout/Tagout 23
Section 27-3.3 Signals 23
Chapter 27-4 **Separate Placing Booms** 26
Section 27-4.1 Design and Construction 26

Section 27-4.2 Inspection, Testing, and Maintenance 30
Section 27-4.3 Operation 31
