## (Top Running Bridge, Single or Multiple Girder, Top Running Trolley Hoist)

## Safety Standard for Cableways, Cranes, Derricks, Hoists, Hooks, Jacks, and Slings

AN AMERICAN NATIONAL STANDARD

The American Society of Mechanical Engineers

Two Park Avenue • New York, NY • 10016 USA

Date of Issuance: August 24, 2022

The next edition of this Standard is scheduled for publication in 2027. This Standard will become effective 1 year after the Date of Issuance.

ASME issues written replies to inquiries concerning interpretations of technical aspects of this Standard. Interpretations are published on the ASME website under the Committee Pages at http://cstools.asme.org/ as they are issued.

Errata to codes and standards may be posted on the ASME website under the Committee Pages to provide corrections to incorrectly published items, or to correct typographical or grammatical errors in codes and standards. Such errata shall be used on the date posted.

The Committee Pages can be found at http://cstools.asme.org/. There is an option available to automatically receive an e-mail notification when errata are posted to a particular code or standard. This option can be found on the appropriate Committee Page after selecting “Errata” in the “Publication Information” section.

ASME is the registered trademark of The American Society of Mechanical Engineers.

This code or standard was developed under procedures accredited as meeting the criteria for American National Standards. The standards committee that approved the code or standard was balanced to ensure that individuals from competent and concerned interests had an opportunity to participate. The proposed code or standard was made available for public review and comment, which provided an opportunity for additional public input from industry, academia, regulatory agencies, and the public-at-large.

ASME does not “approve,” “rate,” or “endorse” any item, construction, proprietary device, or activity. ASME does not take any position with respect to the validity of any patent rights asserted in connection with any items mentioned in this document, and does not undertake to insure anyone utilizing a standard against liability for infringement of any applicable letters patent, nor does ASME assume any such liability. Users of a code or standard are expressly advised that determination of the validity of any such patent rights, and the risk of infringement of such rights, is entirely their own responsibility.

Participation by federal agency representatives or persons affiliated with industry is not to be interpreted as government or industry endorsement of this code or standard.

ASME accepts responsibility for only those interpretations of this document issued in accordance with the established ASME procedures and policies, which precludes the issuance of interpretations by individuals.

No part of this document may be reproduced in any form,
in an electronic retrieval system or otherwise,
without the prior written permission of the publisher.

# CONTENTS

Foreword . . . . . v
Committee Roster . . . . . vi
B30 Standard Introduction . . . . . viii
Summary of Changes . . . . . xi

**Chapter 2-0** **Scope, Definitions, References, and Personnel Competence** . . . . . 1
Section 2-0.1 Scope of B30.2 . . . . . 1
Section 2-0.2 Definitions . . . . . 1
Section 2-0.3 References . . . . . 5
Section 2-0.4 Personnel Competence . . . . . 6
**Chapter 2-1** **General Construction and Installation** . . . . . 7
Section 2-1.1 Markings . . . . . 7
Section 2-1.2 Clearances . . . . . 8
Section 2-1.3 General Construction — Runways and Supporting Structure . . . . . 8
Section 2-1.4 Crane Construction . . . . . 8
Section 2-1.5 Cabs — Normal or Skeleton (If Provided) . . . . . 9
Section 2-1.6 Lubrication . . . . . 9
Section 2-1.7 Service Platforms (Footwalks) . . . . . 9
Section 2-1.8 Stops and Bumpers . . . . . 10
Section 2-1.9 Rail Sweeps . . . . . 11
Section 2-1.10 Guards for Moving Parts . . . . . 11
Section 2-1.11 Truck Frame Drop . . . . . 11
Section 2-1.12 Brakes and Braking Means . . . . . 11
Section 2-1.13 Electrical Equipment . . . . . 12
Section 2-1.14 Hoisting Equipment . . . . . 16
Section 2-1.15 Warning Devices or Means for a Crane With a Power-Traveling Mechanism . . . . . 17
Section 2-1.16 Manual . . . . . 18
Section 2-1.17 Translation of Safety-Related Information and Control Designations . . . . . 18
**Chapter 2-2** **Inspection and Testing** . . . . . 19
Section 2-2.1 Inspection . . . . . 19
Section 2-2.2 Rope Inspection . . . . . 20
Section 2-2.3 Testing . . . . . 21
**Chapter 2-3** **Operator Training and Operation** . . . . . 22
Section 2-3.1 Crane Operator Training . . . . . 22
Section 2-3.2 Training for Persons Other Than Crane Operators . . . . . 22
Section 2-3.3 Operation . . . . . 22
Section 2-3.4 Planning For Load Handling Activities . . . . . 26
Section 2-3.5 Hoist Limit Devices (Switches) . . . . . 26
Section 2-3.6 Signals . . . . . 26

Section 2-3.7 Miscellaneous . . . . . 27
Section 2-3.8 Crane Lockout/Tagout . . . . . 27
**Chapter 2-4 Maintenance Training and Maintenance** . . . . . 29
Section 2-4.1 Maintenance Training . . . . . 29
Section 2-4.2 Crane Maintenance . . . . . 29
Section 2-4.3 Rope Replacement and Maintenance . . . . . 30
