

EL514
Design for Product Success

- Module 1: Product Development Process
- Module 2: Concept Generation Techniques, QFD, Axiomatic Design, etc.
- Module 3: Design for Manufacturing
- Module 4: Design for Assembly Methods (Part 1)
- Module 5: Design for Assembly Methods (Part 2)
- Module 6: Design for Disassembly Methods (Part 1)
- Module 7: Design for Disassembly Methods (Part 2)
- Module 8: Tools for Optimizing Design
- Module 9: Failure Modes and Effects Analysis & Root Cause Analysis
