

ASME Standards & Certification Energy-Related Products and Services

Energy Efficiency

Codes and Standards

Energy Assessment for Process Heating Systems (EA-1)
Energy Assessment for Pumping Systems (EA-2)
Energy Assessment for Steam Systems (EA-3)
Energy Assessment for Compressed Air Systems (EA-4)
Energy Assessment for Fan Systems (EA-5) (under development)
Power Plants, Steam, Performance Monitoring Guidelines (PTC PM)

Technical Reports and Guides

Guide for Energy Assessment for Process Heating Systems EA-G1
Guide for Energy Assessment for Pumping Systems EA-G2
Guide for Energy Assessment for Steam Systems EA-G3
Guide for Assessment for Compressed Air EA-G4

Certification

System Energy Assessment Practitioner Personnel Certification (CP-SEA) (under consideration)

Note: Other ASME standards may be applicable.
