

## **Jake Abes**

Mr. Abes is President of Det Norske Veritas (Canada) Ltd. He has over thirty years of experience in the oil and gas pipeline industry, specializing in the areas of management systems, pipeline safety, and regulatory compliance. Before joining DNV GL, he was Vice President of Technology & Operations at the Canadian Energy Pipeline Association. Mr. Abes also worked at the National Energy Board of Canada for sixteen years, during which time his responsibilities included the development of standards and regulations, compliance monitoring and enforcement and accident investigations.
